TWIN JET MAX FINS

SCUBAPRO introduces Twin Jet Max Fin the next generation in power. By leveraging the experience gained from the immensely popular Twin Jet Fins, SCUBAPRO has developed a totally new fin that enhances both comfort & performance.

- Quick release easy adjust buckles
- Semi rigid side rails for blade stability throughout kick
- Bio engineered soft foot pocket for seamless energy transfer
- Vented area for hydrodynamic superior flow during upstroke
- Bi-material blade for ideal blending of flex & performance
- Proven patented split-fin technology
- Available sizes: S, M, L, XL
- Colours: Graphite, Blue, Red & Yellow

SEAWING NOVA FINS

- Pivot control technology ensures the most efficient angle of attack is maintained no matter how hard or gently you kick, generating thrust without drag or wasted energy
- Clean water blade allows water to flow cleanly onto the working section of the blade for less drag & increased thrust
- Wing tips arc upwards, increasing high-speed stability
- Ergo2 foot pocket with power plate for the best comfort & ultimate over transmission
- Marine quality bungee heel strap with custom adjustment system for total comfort & convenience
- Sizes: S, M, L & XL
